LETTER OF TRANSMITTAL.

U. S. DEPARTMENT OF AGRICULTURE,
OFFICE OF THE LIBRARIAN,
Washington, D. C., September 14, 1909.

SIR: I have the honor to transmit herewith the manuscript of a "List of periodicals currently received in the Library of the U. S. Department of Agriculture, arranged by title and by subject," and to recommend the publication of the same as Bulletin 75 of this Library. The list, which contains 1,575 different titles, does not include annual reports and other serial publications appearing as annual volumes, nor does it include series of bulletins, each number of which is a monograph, such as the publications of the state experiment stations. The aim has been to include only those serials which appear frequently and which are usually considered as periodicals.

The list was prepared by the Assistant Librarian, Miss Emma B. Hawks.

Respectfully,

CLARIBEL R. BARNETT,
Librarian.

HON. JAMES WILSON,
Secretary of Agriculture.
